## Why so many businesses choose IntelliCorp.

IntelliCorp's screening package uses a combination of multiple sources of criminal record information. In addition, they validate database records by returning to the source to ensure they have the latest updates regarding your applicant's history. This provides you with a comprehensive screen that helps answer your questions about a candidate's integrity, so you can select the right individuals for your team. The package includes:

- Validated criminal database
  - National Sex Offender
  - Department of Corrections
- Unlimited single county searches (7 year address history)<sup>1</sup>
- Social Security number verification with address history
- Government sanctions (terrorist search)

Here are some more reasons businesses are using IntelliCorp for screening:

- **Confidentiality** — You get the advantage of streamlined processes and paramount privacy and security when it comes to protecting sensitive information.
- **Reliability** — IntelliCorp is a Verisk Analytics company, and has earned formal accreditation through the National Association of Professional Background Screeners (NAPBS).

In addition to the discounted background check package, you can add other products to your bundle or order individual searches from a sample product list below. This option is designed to meet your specific hiring requirements by allowing you to layer services for different positions as well as various levels of job responsibilities.

- Civil searches
- Employment verifications
- Credit reports
- E-Verify
- Drug testing
- I-9
- Education verifications
- Motor vehicle reports

<sup>1</sup> Some courts charge a mandatory fee. These are treated as pass-through fees to IntelliCorp clients and are clearly highlighted before processing the search.

Pre-employment background checks can help protect your company, employees and assets.
