## MEMBER SERVICES

### **Loss Control Services launches new, member-focused website**

Nationwide Loss Control Services (LCS) is introducing a new website - [MyLossControlServices.com](http://MyLossControlServices.com) - to offer our commercial policyholders information and training opportunities that can help them manage risk and minimize losses.

Among the many resources members can access via the new site are:

- Articles and technical bulletins on a wide variety of safety and risk management topics
- Loss control-related seminars and webinars held throughout the year
- Hundreds of safety and risk-management titles from the Safety Source video library
- Virtual consultations between members and LCS representatives via chat and video options

This menu of resources is available exclusively to Nationwide commercial insureds, agency partners and associates. However, anyone can see what's available simply by visiting [MyLossControlServices.com](http://MyLossControlServices.com).

### **How this affects your business**

Nationwide LCS is an example of our multi-year effort to enhance the commercial experience for members and agents by building expertise and delivering the products and services they need. LCS gives commercial policyholders access to our team of highly trained professionals whose sole purpose is "Providing solutions to help our members manage risk®."

Our LCS team provides consultative services to more than 25,000 members annually. Our safety and risk professionals use their industry-specific specialization along with their engineering and technical degrees to provide customized risk management solutions to those accounts. [MyLossControlServices.com](http://MyLossControlServices.com) will dramatically expand access to all our commercial members by giving them a 24/7 connection to our loss control expertise.

### **How you can experience [MyLossControlServices.com](http://MyLossControlServices.com)**

You're invited to visit the site, explore its contents and provide feedback on what you like about it and/or how we can make it better. You'll find a "Tell us what you think" link at the bottom of each page.

Allied and Nationwide agents can access the site via [Agent Center](#) > Resources > Commercial > Loss Control Services. Harleysville agents can go to [accessHarleysville®](#) > Commercial Lines > [MyLossControlServices.com](http://MyLossControlServices.com).

### **Next steps**

During 1Q 2017, we'll announce news of [MyLossControlServices.com](http://MyLossControlServices.com) more broadly to Nationwide commercial policyholders and other key external audiences. Look for more information in the weeks ahead - including advance copies of communications to your clients - via articles in Agency News and/or postings on Agent Center and [accessHarleysville](#).

### **Contact information**

If you have questions about the new site, contact Nationwide Loss Control Services Central at 866-808-2101 or [LCS@Nationwide.com](mailto:LCS@Nationwide.com).
